Project review (Article 25)
Project review report

Dear Madam/Sir,

I am writing in connection with the above-mentioned review procedure for your grant.

Please find enclosed the draft review report. As you know it was drafted with the help of outside experts.

In our view, the project implementation is satisfactory.

To improve the implementation, we would recommend the following changes:

The 5 sets of recommendations provided above by the two expert monitors are thorough while practical. In particular, it is expected that the project will continue to work closely with the other sister projects in providing a comprehensive feedback on policy recommendations before the end of the project.

⚠ Please also note that a positive assessment of the technical work does NOT automatically guarantee that the costs will be accepted. This will depend on a number of other factors (such as compliance with cost eligibility rules, etc) which will be assessed separately, based on the financial reporting assessment that will take place later on.

If you disagree, please provide us with your **observations** — within **30 days** after receiving this letter.

Please ensure that the other participants in your project (if any) are informed of this letter and are given the opportunity to contribute their observations.

For any questions, please contact us via your [Funding & Tenders Portal account](#) > My Project(s) > Actions > Manage Project > Process communications.

Yours faithfully,

Authorising Officer
