Your mini guide to Learnovate and Dublin

Travel

Airport

Airlink Express bus services from in-front of the airport will bring you direct to the College Green in front of the main TCD campus. Learnovate is located 15min walk from there. You are welcome to come directly here and leave your bags if that is most convenient.

Getting Around

There are a few options for getting around Dublin. It is a very compact city so often walking is the best option. We can help you figure out your A to B when you have booked your accommodation.

Weather

Ireland is awesome and really green. How did we get so green? Lots of rain, and sun and maybe a bit of fog - often all in one day. Check the weather forecast and bring a small umbrella for your bag.

Accommodation & Our Office

Options

Hotels in Dublin are expensive so you may want to consider hostels which have private rooms or AirBnB.

There is a [Generator Hostel](#) in Smithfield that is located on the Luas so handy to get to TCD. Your stop would be the Convention Centre then cross the river. This hostel also has a good supermarket, cinema and great traditional irish music pub all on the same square.

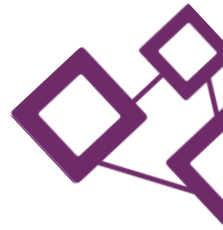

Our Space

Learnovate is located 15min walk from the main campus on the Enterprise Campus. [Map here](#)

The office is open from 8am to 5:30/6pm. The office has a small kitchen with complimentary tea/coffee. There are a number of local shops and cafes nearby for lunch/dinner.

You'll have access to wifi
